EDUCATION

University of Illinois

Grainger College of Engineering - Systems Engineering and Design

- Secondary Field: Business Systems Integration & Consulting
- Cumulative GPA: 3.45/4.0

Urbana-Champaign, IL

September 2019 – May 2024

WORK EXPERIENCE

Baker Tilly US, LLP

Digital Consulting Intern

Chicago, IL (Hybrid)

June 2023 - August 2023

- Implemented innovative data collection methods to ensure compliance and enhance price transparency as a Management and Technology Consultant
- Strategically executed SQL queries to analyze and extract data across five key geographical regions of the US, facilitating database debugging and optimization
- Collaborated effectively with experienced professionals at all levels, including Staff, Seniors, Managers, and Partners, leveraging their specialized industry knowledge to drive successful outcomes across diverse industries and clients
- Communicated effectively directly with clients, demonstrating strong client-facing skills, understanding their needs and delivering tailored solutions that exceeded their expectations

Cintas Corporation

Corporate Safety and Health Intern (Technology and Ergonomic Division)

Chicago, IL (Hybrid)

June 2021 - March 2023

- Served as Interim Project Manager, overseeing vendor negotiations and managing a six-figure project from conceptualization to enterprise-wide implementation
- Engineered front-end and back-end systems using both code and no-code solutions to enhance operational efficiency
- Designed dynamic Power BI dashboards to report compliance metrics for vehicle inspections and employee training
- Increased vehicle inspection compliance by 16% through implementing semi-automatic intelligent data analysis, streamlining over 1,000 annual hours per Regional Safety Manager in the Fire Division, and enhancing OSHA mandated inspection compliance
- Developed a comprehensive Ergonomics Solution Sourcebook intranet site, accessed by over 40,000 employees, to centralize ergonomic resources and best practices
- Created and piloted an automated Safety Lead Process, enhancing incident awareness and injury prevention strategies

LEADERSHIP EXPERIENCE & ACTIVITIES

Illinois Consulting Group

Project Director

Champaign, IL

February 2022 – May 2024

- Directed a team of 9 consultants, while managing client engagement and leading 3 semester-long strategic projects
- Optimized Guardhat Inc.'s Safety and Inspection Manager IoT platform through targeted feature prioritization and thorough market analysis
- Generated and presented high-level quantitative and qualitative reports with analysis to inform strategic decisions

Alpha Phi: Beta Alpha Chapter

Director of Diversity, Equity, and Inclusion (DEI)

Champaign, IL

December 2021 - December 2022

- Delivered presentations at weekly all-house chapter meetings regarding pressing events in the world and community
- Educated the Chapter on DEI topics such as gender equality, LGBTQIA+ outreach, and ableism, serving as an advocate for underrepresented sisters and minority groups
- Hosted Annual Red Dress Gala event to raise \$8,200 for women's heart health
- Organized service events with cultural Greek organizations to promote inclusivity on campus
